MEMORANDUM FOR: The Honorable Robert S. McNamara
Secretary of Defense
Washington, D. C.

SUBJECT: Truck Movements from North Vietnam
during the Bombing Pause

The Director of Central Intelligence has asked me to forward to you the attached memorandum on truck movements. During the pause in US/GVN air attacks against targets in North Vietnam, truck traffic from North Vietnam through the Laotian peninsula, with cargo believed primarily destined for Communist forces in South Vietnam, has reached the highest level yet recorded.
